

A Cairns Local

CBC Staff Selection has been operating in Cairns for over 25 years and is a leading local business.

During this time, both the business and Cairns itself have faced any number of challenges, from Mother Nature at her worst and hard economical times to changes of government and everything in between.

Our team has overcome all of these challenges to become the successful Cairns business in operation today.

As owners of the business since 2004, Sally and John Mlikota proudly attribute the success of the business to the team of 12 dedicated staff. Together we have gone from strength to strength.

With the average length of employment being 5 years, our professional staff are the first to admit they work for an employer of choice in the Cairns region.

In an industry renowned for its high burn out rate, such a low turnover is a testament to the great environment in which we work and our true love and enjoyment of what we do.

Whatever may come next, CBC Staff Selection is more than capable of providing the guidance and assistance you or your staff may require.
