## Corporate Social Responsibility Policy

---

The operations of CBC Staff Selection are undertaken within an ethical, legal and social framework that aims to meet the expectations of the public, our clients and the local business community.

Our Corporate Social Responsibility Policy sets out our commitment to behave ethically and contribute to the social and economic development of our community while improving the quality of life of our workforce and the community as a whole.

Our Corporate Social Responsibility Policy covers 4 key areas:

- ▶ **Governance;**
- ▶ **People;**
- ▶ **Environment; and**
- ▶ **Community**

### **Governance**

We undertake business in a transparent and accountable manner. All financial and business agreements are adequately and objectively documented so as to satisfy statutory requirements and also rules of evidence. We work collaboratively with our expert advisers to manage financial risk, build contingency plans and form strategic direction to provide for financial sustainability.

### **People**

We recognise our employees as critical to the success of the business. As such we recognise that they have personal needs, family obligations and inspirations. We invest in professional training events for each staff member, an extensive program of formal personal development and recognition through remuneration programs.

### **Environment**

We have established an Environmental Management System to reduce the environmental impact of our business operations, and to fulfil our role as a member of the community to assist environmental sustainability.

### **Community**

We fund and participate in a range of events to support our local community. Management reviews our funding program annually to ensure our resources are applied to projects that build capability and support sustainability initiatives in our community
